ARTICLE VII

NON-CONFORMING USES

SECTION 701. INTENT.

Within the districts established by this Ordinance or amendments that may later be adopted there exist lots, structures, uses of land and structures, and characteristics of use which were lawful before this Ordinance was passed or amended, but which would be prohibited, regulated or restricted under the terms of this Ordinance or future amendments. It is the intent of this Ordinance to permit these nonconformities to continue until they are removed but not to encourage their survival. It is further the intent of this Ordinance that all nonconformities shall not be enlarged upon, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district.

Nonconforming uses are declared by this Ordinance to be incompatible with permitted uses in the districts involved. A nonconforming use of a structure, a nonconforming use of land, or a nonconforming use of structure and land in combination shall not be extended or enlarged after passage of this Ordinance by attachment on a building or premises of additional signs intended to be seen from off the premises, or by the addition of other uses of a nature which would be prohibited generally in the district involved.

To avoid undue hardship, nothing in this Ordinance shall be deemed to require a change in the plans, construction, or designated use of any building on which actual construction was lawfully begun prior to the actual building construction has been carried on diligently. Actual construction is hereby defined to include the placing of construction materials in permanent position and fastened in a permanent manner. Excavation or demolition or removal shall be deemed to be actual construction, provided that work shall be carried on diligently.

SECTION 702. NONCONFORMING LOTS OF RECORD.

In any district in which single-family dwellings are permitted, a single-family dwelling and customary accessory buildings may be erected on a single lot of record at the effective date of adoption or amendment of this ordinance, notwithstanding limitations imposed by other provisions of this ordinance. Such lot must be in separate ownership and not of continuous frontage with other lots in the same ownership. This provision shall apply even though such lots fails to meet the requirements for area or width, or both, that are generally applicable in the district, provided that yard dimensions and requirements other than these applying to areas or width or both, of the lot shall conform to the regulations for the district in which such lot is located. Variance of yard requirements shall be obtained only through action of the Zoning Board of Appeals.

If two or more lots or combinations of lots and portions of lots with continuous frontage in single ownership are of record at the time of passage or amendment of this Ordinance, and if all or part, of the lots do not meet the requirements established for lot width and area, the lands involved shall be considered to be an individual parcel for the purpose of this Ordinance, and no portion of said parcel shall be used or sold in a manner which diminishes compliance with lot width or area below the requirements stated in this Ordinance.

SECTION 703. NONCONFORMING USES OF LAND (OF LAND WITH MINOR STRUCTURES ONLY).

Where at the time of passage this Ordinance lawful use of land exists which would not be permitted by the regulations imposed by this Ordinance and where such use involves no individual structure with replacement cost exceeding One Thousand Dollars (\$1000) the use may be continued as long as it remains otherwise lawful, provided:

- 703.1 No such nonconforming use shall be enlarged or increased, or extended to occupy a greater area of land than was occupied at the effective date of adoption or amendment of this ordinance.
- 703.2 No Such nonconforming use shall be moved in whole or in part to any portion of the lot or parcel other than that occupied by such use at the effective date of adoption or amendment of this ordinance.
- 703.3 If any such nonconforming use of land ceases, or is discontinued, or abandoned for any reason for a period of more than thirty (30) days, any subsequent use of such land shall conform to the

regulations specified by this Ordinance for the district in which the land is located.

- 703.4 No additional structure not conforming to the requirements of this Ordinance shall be erected in connection with such nonconforming use of land

SECTION 704. NONCONFORMING STRUCTURES

- 704.1 No such nonconforming, structure may be enlarged or altered in a way which increases its nonconformity, but any structure or portion thereof may be altered to decrease its nonconformity.
- 704.2 Should such nonconforming structure or nonconforming portion of structure be destroyed by any means to an extent of more than fifty (50) percent of its replacement cost at the time of destruction, it shall not be reconstructed except in conformity with the provisions of this Ordinance.
- 704.3 Should such structure be moved for any reason for any distance whatever, it shall thereafter conform to the regulations for the district in which it is located after it is moved.

- 705.2 Any nonconforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use at the time of adoption or amendment of this Ordinance, but no such use shall be extended to occupy any land outside Such building
- 705.3 If no structural alterations are made, any nonconforming use of a structure, or structure and premises, may as a substitution be changed to another nonconforming use provided that the Zoning Board of Appeals, either by general rule or by making findings in the specific case shall find that the proposed use is equally appropriate or more appropriate to the district than the existing nonconforming use In approving such substitution, the Zoning Board of Appeals may require appropriate conditions and safeguards in accord with the provisions of this Ordinance.
- 705.4 Any structure, or structure and land in combination, in or on which a nonconforming use is superseded by a permitted use, shall thereafter conform to the regulations for the district, and the nonconforming use may not, thereafter be resumed
- 705.5 When a conforming use of a structure, or structure and premises in combination, is discontinued or abandoned *for six (6) consecutive months* or for eighteen (18) months during any three year period (except when government action impedes access to the premises), the structure, or structure and premises in combination, shall not thereafter be used except in conformity with the regulations of the district in which it is located.
- 705.6 Where a nonconforming use status applies to a structure and premises in combination, removal or destruction of the structure shall eliminate the nonconforming status of the land. Destruction for the purpose of this subsection is defined as damage to an extent of more than fifty (50) percent of the replacement cost at time of destruction.

SECTION 706. REPAIRS and MAINTENANCE.

If a nonconforming structure or portion of a structure containing a nonconforming use becomes physically unsafe or unlawful due to lack of repairs and maintenance, and is declared unsafe or unlawful by reason of physical condition by any duly authorized official, it shall not thereafter be restored, repaired, or rebuilt except in conformity with the regulations of the district in which it is located.

SECTION 707. USES UNDER SPECIAL EXCEPTION PROVISIONS NOT CONFORMING USES
